Totally Toddler-topia

Girl Scout Troop 323 are working on their Bronze Award project, which is the highest honor a Junior Girl Scout can earn requiring them to learn the leadership and planning skills necessary to follow through on a project that makes a positive impact on their community. Working towards this award demonstrates her commitment to helping others, improving her community and the world, and becoming the best she can be. For their award, our troop has decided to run a 6 week program for toddlers at the Riverdale Community Center, 59 Loy Avenue.

Senior Moments

The first meeting of the month for the Riverdale Seniors was held on February 1st. Don Pineiro from Chase Bank of Riverdale introduced himself and spoke to us briefly. He said he would like to find out what the members are interested in and would like to hear about, and he will return and speak to the group at a future date. * February birthday celebrants were sung to. Two special ones in the Gold Star category (85+) are **Madeline Rizzo** and **Sophie Cleary**. * The trip committee was busy taking reservations and payment for the three upcoming trips. * We received a thank you card from the family of **Christine Gregory**, for our sympathy cards we had sent them. Christine passed away a short time ago. She had been in a Senior Care Center for awhile. She had been a long time Riverdale resident and Senior Citizen Club member. She was also very active and involved in the community. We were sorry to hear of the passing away of **Don Post**, who also was a long time resident, and member of our Seniors. He and his wife Mildred had moved to Drums, PA a few years ago. * Members were reminded to bring items for the Mystery Auction to be held the next meeting.

The second meeting of the month was held on February 15. **President Moehring** said that someone from the Arts and Heritage Society would be willing to come and speak to us. **Joan Adornetto** said she had visited the Riverdale Arts Center and it is definitely worth the trip. * Following the meeting we held our Mystery Auction, where members bring in wrapped, new or lovingly used items that are auctioned off by our own **Don Rodda**. We had a great time and also got a lot of bargains. We are looking forward to the next one. * Care One provided great refreshments for us. Thank you to our Senior members who have been bringing items for the Food Pantry. Donations from the community are also appreciated. This is a worthy community project.

Grape Juice Can Reverse Memory Loss

by Sylvia Booth Hubbard

Drinking 100 percent purple grape juice can reduce or even reverse memory loss, according to research by the University of Cincinnati.

In a study led by Dr. Robert Krikorian, 12 men and women between the ages of 75 and 80 were divided into two groups. All had been diagnosed with early memory loss. One group drank about two glasses of 100 percent Concord grape juice daily for twelve weeks while the other group drank a placebo matched for calories.

The participants were given memory tests, such as memorizing lists and placing items in a specific order, at regular intervals during the three months. "While there were no significant differences between the groups at baseline, following treatment, those drinking Concord grape juice demonstrated significant improvement in list learning," Krikorian said in a statement. "In addition, trends suggested improved short-term retention and spatial (nonverbal) memory.

"These results with Concord grape juice are very encouraging," he said. "A simple, easy-to-incorporate dietary intervention that could improve or protect memory function, such as drinking Concord grape juice, may be beneficial for the aging population."

Other studies have shown that purple grapes have powerful health benefits. One Vanderbilt University study found that people who drank grape juice more than three times a week lowered their risk of developing Alzheimer's by 76 percent.

Additional studies have shown grapes to have heart healthy benefits including keeping arteries supple and blood pressure low. Researchers believe the benefits in Concord grape juice come from antioxidants in the grape's skin and fruit.

Saturday, March 27 will be the **Casino Night Featuring Texas Hold 'Em** at the Route 23 Automall in Butler. We are offering a **Grand Prize of \$5,000** or a seat at a World Series of Poker Event. Final table players receive special gift bags and valuable prizes. There are 200 seats available, and those who register online receive 1,000 bonus chips. Ticket prices start at \$100 (includes buffet dinner, wine and beer) or \$150 ticket includes entry fee, buffet dinner, wine and beer. The doors open at 6:00 PM and the first card is dealt at 7:00. Blackjack, 50/50 and raffle prizes are also available.

For more information call **866-451-6691** or **862-200-5848** and ask for Mike Anastasiou.

District Appeals Loss of State Aid: At a special meeting, the Board of Education voted to appeal the district's loss of state aid for the current school year. Included in the calculation of lost aid were capital reserve building projects, including the creation of ADA accessible restrooms, renovation of nurse's room, upgraded ceilings and lighting and window replacement. All of these items were to receive 40% state funding towards completion. The district was not permitted to appeal the loss of \$49,004, which was designated for taxpayer relief in the next budget.

Invitation to Exercise: As part of our community service goal, students in grades 5 and 6 have invited community members to join them in their study of recreational activities. The dates scheduled are: March 31, April 14 and April 21. Interested adults are invited to contact Mr. Schneider at 973-839-1300 x131.

Upcoming Dates:

My husband was not convinced that chiropractic care was right for our entire family. After I was under care with Dr. Stewart for a while, my husband noticed that my own medical expenses and medical doctor visits had dropped off to almost nothing. (I used to require regular allergy shots which I do not need any longer.) I credit chiropractic.

Now our entire family receives regular chiropractic adjustments. Thank you Dr. Stewart and chiropractic.

\$18.95 Special Introductory Offer Helps Families Reign in Healthcare Costs!

Many families are discovering that their life and health are being enriched through regular chiropractic care. This simple, yet powerfully beneficial care may be more affordable than you think.

With medical care costs going through the roof, and reports of bad, sometimes fatal reactions to drugs and surgery appearing in the news almost daily, who can afford **not** to keep their family healthy?!

More and more families are discovering that, with regular chiropractic care, their family's medical costs are actually declining. While, more importantly, families are also finding that with regular chiropractic care, their over-all health is so much better that they would not live without it.

Bring your entire family. Let's discover together how your family might benefit through regular chiropractic adjustments. Let me share with you how chiropractic actually works and what chiropractic can do for your family. Then we will discuss your individual family's needs and together design a program of chiropractic care which is right for your family.

Gary C. Stewart, D.C.

Mention this article and ask for our "Family Introduction to Chiropractic." This is a two step process which includes the whole family:

#1 - I will personally consult with you; then, I or my trained staff will perform computerized scans of your spines which help me understand where each member of your family might benefit from chiropractic care. Then, if necessary, I will perform specific spinal x-rays that are right for each person's individual needs.

#2 - After I have reviewed all x-rays and exam information, we will have you return for a "Doctor's Report." At the Doctor's Report I will explain how your family might benefit through regular chiropractic care. Then I will give you a report of my findings, review your x-rays with you, and make recommendations for care.

While medical costs and insurance premiums continue to skyrocket, and medications continue to cause harmful side effects, Stewart Family Chiropractic is doing something to help your family stay healthy naturally. Call today for your Family Introduction to Natural Good Health Through Chiropractic.

Call **973-835-5773** today. You'll be glad you called. There is no obligation to accept care.

- All of this is included for less than the cost of one regular x-ray.
- \$18.95 per person introductory fee applies no matter how many x-rays are necessary.
- A typical exam including 2 to 4 x-rays at regular fees ranges from \$80 to \$170.
- That's a savings of over \$60 per family member when x-rays are recommended!

Stewart Family Chiropractic: gentle, safe, compassionate, natural family healthcare.
