The Immune System at Work

If weren't for our immune system, our bodies would not survive more than a few days in the world. Viruses, bacteria, parasites, toxins and other harmful pathogens would attack our bodies, leaving us weak, frail and unable to sustain our lives. The immune system is very complex and sophisticated, able to detect a wide variety of harmful pathogens and distinguish them from the body's own healthy cells and tissues. When the immune system is healthy and running at full efficiency it is able to ward off many bacteria and illnesses. However, harmful pathogens can evolve rapidly, avoiding the immune system's detection and infecting the body.

Our bodies are designed to fight off pathogens with many defense mechanisms that help the immune system. The first line of defense is the skin. Without our protective layer of skin, our bodies would not only fall apart, but they would be completely exposed to outside toxins that we encounter. The skin not only acts as a physical barrier, it also provides chemical barriers such as an antibacterial chemical secreted by the skin. This chemical instantly kills spores and bacteria that land on the skin.

Next, the nose, mouth, and eyes, which are all easy ports-of-entry for germs provide a defense system for the body. Tears and mucus (which coat both the nasal passage and the lungs), contain an enzyme known as lysozyme that breaks down the cell walls of many bacteria. Saliva also contains an antibacterial substance to help fight off bacteria entering through the mouth before it can get much farther into the body.

Germs, toxins, bacteria, microbes, parasites, and other pathogens that are able to make it past the body's initial defense mechanisms are faced with the body's internal line of defense: the immune system. This system is comprised of the thymus, the spleen, the lymph system, bone marrow, white blood cells, antibodies, the complement system, and hormones. Each component works in its own unique way to face the fight against illness and disease so that we can live our lives to the fullest and not worry about getting sick. Although the immune system works tirelessly to keep us healthy, sometimes it needs a little extra help. This is especially true when seasons change, when we become stressed, or other factors that may negatively influence our bodies.

Beta carotene, zinc and vitamins E and C work to support the skin, while vitamins C, E, B12, and folic acid, as well as the minerals zinc, copper, and selenium, work to defend the body from the inside. Some herbs used to supercharge the system are Echinacea, Black elderberry and Larch tree.

Photography Club meets 4th Monday of the month at the Library from 7:00 to 8:00 PM.

Lighting techniques, favorite spots to shoot, equipment, and informative article are shared among the group. Member Don Pruden explained the *Rule of Thirds* to the group last month, an important concept when composing photos. We hope to get speakers in to instruct in taking portraits, special lighting and other topics. If anyone would like to share information with the group please send an email to **Linda Anders at Lpico@verizon.net**. All are welcome, beginners to experts.

The Garden Club meets the 4th Tuesday of the month at the Library from 7 to 8:00 PM.

Our 12 members discuss best places to buy plants, locally and in catalogues, visit gardens and arboretums. We share tips on shade plants, butterfly plants, humming birds, tips on composting and pests in the garden. We are also looking to establish a common garden in Riverdale. Life time Girl Scout Ruth Pasquariello will be showing the scouts how to plant drought resistant plants behind the library. All levels of gardeners are welcome. Please contact **Linda Anders at Lpico@veriozn.net**.

Something Special to Think About this Memorial Day

By Elaine Peacock

It is not about the start of summer
It is not about another three day weekend
It is about the sacrifices made yesterday, today and yes tomorrow
By the soldier, the sailor, the airman, marine and coast guardsman
Monuments are wonderful, so are parades, but a simple "Thank you" will do.

All we ask is that you stand proud shoulder to shoulder with us
We remember our fallen comrades, as we salute the flag that flies over the America we love and have sworn to protect.

We are farmers, factory workers and office workers that left our families, friends;

To *Remember the Maine*, Avenge Pearl Harbor, Patrol the DMZ, move carefully through the hot, steamy jungles of Vietnam and bear the searing desert heat of Iraq to bring freedom from terrorism. We are ordinary people who do extra ordinary things, we are not perfect but we ask you to look beyond our faults and shortcomings and remember **Freedom is Not Free**.

Junior Police Academy July 13 - 17 from 9:00am to 3:00pm at Lenox School in Pompton.

The Riverdale and Pompton Lakes Police Departments will be working together in presenting this new program for those students entering Grades 6, 7 or 8 in September. It will involve various presentations from Law Enforcement Officers from our area, giving the students an idea of what it takes to become a police officer by way of physical training, uniform inspections and plenty of hands on training. The program will also teach and instill discipline and respect along with healthy, positive alternatives to drugs, alcohol and violence.

If you would like to register your son or daughter please call the Riverdale Police Department at 973-835-0034. Give your child's name, age, phone number and Captain John Peine will get back to you with a registration form. Don't miss out on the exciting program!

Copy deadline is the 4th Monday of each month. The publishing date will be the 1st Wednesday of the following month. Pictures, stories, weddings, births, scholastic, armed services, etc. are all welcome. We reserve the right to edit articles for space. Photos should be emailed in a JPEG format, actual photos can be scanned. Please send all information any time during the month to Mayor@RiverdaleNJ.gov & RiverdaleMayor@gmail.com

Children's Programs at the Library

Please register for all children's programs in person, by phone or by e-mail at riverdalelibrarykids@nac.net

Puppy Pals Reading Club

Our new program gives kids K – 3 a chance to spend time with a dog who loves to hear them read. Programs like this have proven most successful for new readers or reluctant readers to help build confidence reading -- and for any child who enjoys a friendly listener.

Sampson and Jean Luc are happy listening to young readers in a new reading program at the library.

Sampson, a Portuguese Water Dog, and Jean Luc, a Poodle, were a big hit with kids and parents at our first Puppy Pals Reading Club in April. St. Hubert's Animal Welfare Center certifies the dogs. The program, funded by the Friends of the Riverdale Library, continues every month on the 2nd Tuesday from 4:00 to 5:00 pm. Registration is required.

Spring Story Times

Baby Time - For infants up to 2 years old with a caregiver Mondays 11 – 11:30 AM (thru June 8; CLOSED Memorial Day). *It's baby time at the library. Designed especially for infants and active toddlers, this is a half hour of rhyme, song, movement, and shared reading.*

Totally Twos - For two-year-olds with a caregiver Mondays 10:15–10:45 AM (thru June 8, CLOSED Memorial Day). *Designed especially with two-year-olds in mind, this half-hour program has plenty of fingerplays, rhymes, songs and stories to keep active twos engaged.*

Story Time - For ages 3 through 5 Wednesdays 10:15 – 11:00 AM or 1:30 – 2:15 p.m. thru June 10. *Gather with us at the Library for stories, rhymes, songs and crafts.*

Evening Story Time - We're starting a new series of evening stories. The 1st and 3rd Tuesday of May (May 5 & 19) and the first Tuesday in June (June 2) from 6:30 – 7:15 PM.

Be Creative

at YOUR LIBRARY

Mark your calendar.
Summer Reading Program
Kick-off Saturday, June 20!

Summer Reading Program Kids entering grades 1 thru 5. Kicks off on June 20 with singer & storyteller **Ken Galipeau**. *Thanks to the Friends of the Library, we have some star attractions this summer and this is the first in a series of fun programs that Children's Librarian Mary Anne Caudle has lined up on the theme of Be Creative @ Your Library.*

Coordination between the Riverdale School and the library, plus financial support from the Friends of the Library, has led to a summer program that is more successful every year. Last summer 60 children read a stunning **985 books!** Each class in this age group will visit the library in May for an introduction to the Summer Reading Program and the library makes sure to stock all the books that the teachers recommend. Kids who participate get to spin for a prize each week, and thanks to donations to the Friends' annual book sale, each child may select a free book to take home to keep. Also on the theme of "Be Creative" are weekly programs such as a Lego competition, a craft using recycled objects, other crafts and games and a talent show.

The Summer Program for Teens entering grades 6, 7 & 8. It's a variety of activities: a drama workshop by local actress Leanne Weiss, jewelry making, a Wii event and a teen book discussion. Plus there's a reading program for teens with opportunities for great prizes and a chance to publish a book review on the library's website.

We'll also continue the popular **Teen Volunteer Program** this year. The 12 teens who participate contribute two hours a week helping out at the library, and each September the Mayor and Council recognize them with a Riverdale Service Award.

Adult Programs

Job Search Seminar Series Tuesday, May 5 from 6:30 to 8:00 PM Our series of job search seminars continues: *Ace the Interview*. Linda Trignano of HR Performance Solutions will discuss the importance of first impressions, appropriate dress when it's "business casual," and how to put your best foot forward.

Career Consultant Paul Cecala: Tuesday, May 19 @ 6:30 – 8:00 PM. In his seminar *Practical Networking Tips* he will discuss the value of networking, simple, proven ways for the networking novice to get started, how to build a network from the contacts you have today and how to get your network working to help you find a job.

Time for Computer Basics

Tuesdays 1:00 - 2:30 PM; Wednesdays 11:00 AM to 12:30 PM We are beginning a new 4-week series of computer classes in June. All classes present the basics with hands-on practice, and if you come to more than one, your skills will grow! Classes include: *Intro to the PC, Intro to the Internet, Best Online Health Information, How to Google, Top Ten Internet Sites, Shopping Online (including discounts, coupons and security).* We'll take advantage of *Generations Online*, a special program funded by the Friends, that makes the PC easy for Seniors to use.

Borders and Target Support the Library

The library is always trying to take advantage of other sources of funding and two of our business neighbors have been very generous.

Through May 4th, **Borders** on Route 23 is sponsoring its second annual book drive for the children's library. Last year an amazing 194 books were added to the collection through the initiative of Borders sales staff and the generosity of local residents.

Target awarded the library a \$2,000 grant to support family reading programs which we invested in a series of "Discovery Packs." Each book pack is filled with a variety of books, games and activities all on a special theme, such as, ABCs, learning to tell time, a new baby in the house, or bedtime. The interaction between parent and child with all these fun materials helps children develop reading readiness skills. Stop by the library to discover a pack here or borrow one for two weeks!

Exhibit Open House - Saturday, May 9th 12 to 2 PM

"Serenity: Water in Nature" is a wonderful exhibit of idyllic spots photographed by award winning photographer David Strom. David has exhibited his work in area libraries and schools and now brings a special collection of photographs that capture the tranquility of nature to Riverdale. Join us at an open house to meet the photographer on Saturday, May 9th from noon to 2 pm.

Ongoing Groups All are welcome to join the ongoing groups:

- **Photography Club**. May 18th (Monday) from 7:00 to 8:00 pm
- **Garden Club**. May 26th (fourth Tuesday) from 7:00 to 8:00 pm.
- **Gypsy Knitters**. Every Thursday from 4:00 to 8:00 pm.
- **Book Discussion**. May 18th (Monday) 6:30 to 8:00 pm. The selection for May is *The Importance of Being Earnest* by Oscar Wilde

Events Worthy of Note

Memo from Dr. Betty Ann Wyks, School Superintendent

The 2009-2010 school budget was approved by the Riverdale voters on April 21. On behalf of the students, staff, administration and board members, I would like to thank the community for its continued support of its school. Congratulations to newly elected board members **Richard Osterhoudt & Kelly Norris**, as well as re-elected member **Colleen Tambuscio**.

Thank you to outgoing board members **Terri Pellegrini** (7 years) and **Susanna DeNude** (15 years) for their dedication to the children of this community and their spirit of volunteerism.

Approximately sixty-five students participated in the spring drama production, *The Big Bad Musical*. Kindergarten teacher **Miss Fagan** and drama co-advisor **Miss Raczko** serve as the directors. The group performed to a delighted audience on April 7

Students in grades 3 - 8 will be participating in NJ ASK (state testing) at various times over the next month. Please be sure to consult the district's website www.rpsnj.org for school updates.

Girl Scouts
Where Girls Grow Strong™

As part of National Volunteer Week, April 22 was Girl Scout Leader's Day. On behalf of the board of directors of Girl Scouts of Northern New Jersey, I would like to take this opportunity to acknowledge all the Girl Scout leaders for their dedication and commitment to the more than 35,000 Girl Scouts in Bergen, Morris, Passaic, Sussex and northern Warren counties. Leaders are the heart of Girl Scouts of Northern New Jersey, striving to be positive role models who raise up girls of courage, confidence and character.

It does not go unnoticed that Girl Scout leaders give their time, knowledge and compassion to the girls they serve, inspiring them to reach their full potential and experience new programs and opportunities. They help girls overcome today's challenges to become tomorrow's leaders.

Thank you, Girl Scout Leaders! We truly could not do it without you.

Gwen Grace, Chair of the Board of Directors
Girl Scouts of Northern New Jersey

Pack 88 would like to thank the Riverdale residents who donated food to the annual Cub Scout food drive. It was a great success.

Newark Pompton Turnpike dedicated in honor of former mayor, the late Albert Scaletti

Former Riverdale Police Chief **Harry Resland**, who was hired by Mayor Scaletti as a patrolman, **Penni Mirti**, Scaletti's granddaughter, **Alberta Alleva**, Scaletti's daughter, Council President **Paul Carelli**, and former councilmen under Scaletti **John Carelli**, Paul's father, **Pete Sarf** and **John Bisaccio**.

The Governing Body, at its April 20 meeting, issued a proclamation dedicating the Newark Pompton Turnpike in honor of former mayor Albert Scaletti, who served as mayor of Riverdale for 14 years, as well as a councilman for many years.

The Numbers Are In. Book Sale Broke All Records!

The Friends of the Library Book Sale in March was the biggest and best ever! About 10,000 books were donated for the sale, earning more than \$5,000 for library programs. *A total of 689 books were added directly to the library or set aside for the summer reading program & some books go to kids in the Riverdale Food Pantry.* Montville Kiwanis shipped the leftover books to Appalachia. *The proceeds of the sale pay for the summer reading program for kids and teens and special programs like the Puppy Pals Reading Club.* They also support the large print books and help the library keep the travel books up to date. *We'd like to thank the over 30 volunteers who helped set up the sale and to all the people who turned out to purchase books to support the wonderful programs we sponsor at the library.* **Steve Frast, President**

Renovations set to begin on the Glenburn Estate!

At long last work will begin on restoring the barn and the house at the Glenburn Estate (the Greco House) within the next month. Before any work was to begin, the County required a preservation plan to be adopted and approved by the county, which took over a year to prepare. We have received over \$250,000 from the Morris County Historic Preservation Trust Fund. Our Open Space Trust Fund

matched the required 20%. At the advice of the borough arborist the invasive trees on the side of the barn were removed and quarry process is being put down for parking. Appropriate shade trees are going to be planted shortly. That area is to be the location of the Farmer's Market this summer.

Pompton Lake High School PTA presents A Night at the Ballpark POMPTON LAKES NIGHT!

On Friday, June 5 at Skylands Park, Augusta, NJ at 6:35 PM. The game will feature the Sussex Skyhawks vs. the Quebec Capitals. School principal Vin Przybylinski will be the PA announcer for the evening. A spectacular fireworks display will be held immediately following the game. In between innings there are fun activities for the kids. This is a quaint stadium where every seat offers a great view of the game. Ticket price is only \$10 each. This is a great opportunity for an inexpensive family night out. All proceeds will benefit PLHS PTA Scholarship Fund. To purchase tickets, please contact Diane Gelok at digelok@verizon.net or 973-831-7763 (home) 973-809-9366 (cell). Deadline to purchase tickets is May 22.
