

Fire Prevention Week

OCTOBER 4-10, 2009

Fire Prevention Week begins October 4. This year's theme is **Stay Fire Smart! Don't Get Burned.** The Riverdale Volunteer Fire Department is proud to team up with Sparky to champion fire safety. The Fire Department will be going to local Pre-Schools and Riverdale School to help teach our youngest citizens to be Fire Smart.

The Fire Department will be sending out yearly fund drive letters in the upcoming weeks and we ask for your help again. With last year's fund drive we were able to upgrade and purchase new equipment and receive current training with your help. We thank you in advance for your donation.

Grand Opening!

BUBBLES & BONES

The newest retail venture to open in Riverdale was **Bubbles & Bones** on September 27. Located at 72 Hamburg Turnpike (by Blimpies), you will be able to wash your dog in their new Self-Serve Dog Wash, as well as picking up some fresh baked dog treats. We wish them well! Their number is 973-513-9086, www.bubblesandbones.net

Riverdale Borough made of the best people on earth.

Library Youth Volunteers Acknowledged at Council Meeting

These young volunteers were thanked at the September 21 meeting of the Mayor and Council during the 7th Annual Presentation. They assisted by preparing discarded books for the book sale, preparing crafts for story time, assisting in story times and summer programs, covering books, shelving books, photocopying, edging books, setting up meeting room for events, etc. Those receiving certificates: **Peter Campbell, Morgan Goldberg, Hannah Nicklas, Hilal Ozdemir, Lorian Gish, Caroline King, Shannon McCarthy, Kristen Rosenboom, Nicole Schrock, Cassidy Tibbetts & Benjamin Walker.**

The **Riverdale School PTA** will meet on October 8 at 7:30 PM in the All-Purpose Room in the school. All parents and guardians of Riverdale School children are invited to attend. Membership forms and other information for the PTA are available on the school's website at www.rpsnj.org.

The **Riverdale Fire Department** is selling tickets for the **Third Annual Beefsteak** to be held on Dec.5 at the Bloomingdale Fire Hall. The tickets are \$40 and you can purchase them from firefighter or call 973-831-1584.

Riverdale Library Presents **Last of the Red Hot Mamas! Sophie Tucker Comes to Town!**

A living biography with music & song

Thursday, October 22nd at 7:00 PM
No charge, but please reserve: 973-835-5044

Stop the Leaks! How much water can a small leak really use? A dripping faucet can waste 3 gallons a day, 1095 gallons a year. A 1/8" hole with 60 psi water pressure would waste 296,000 gallons in 3 months. **The biggest leaks are the silent leaks in the toilet. Best way to check is to put a few drops of dye (food coloring) into the back of the toilet tank and wait for 15 minutes to see if it leaks into the bowl. If it does, you have leak.**

The Garden Club meets the 4th Tuesday of the month at the Library from 7 to 8:00 PM. Exchange both ideas and cuttings. All levels of gardeners are welcome.

Photography Club meets at the Library from 7:00 to 8:00 PM. This is a great opportunity to share tips and photos and talk with other photographers. Just drop in. Watch for notice of possible new day for meetings. For either club contact **Linda Anders** at Lpico@verizon.net. All are welcome, beginners to experts.

whats happnin

The **Senior Citizen Club** held their first meeting of the month on Wednesday, September 10, where a new member joined. A barbecue picnic was held with thanks to the chefs, **Bill Bowersox** and **Frank Sorgi**. ♦Two of our members, **Shirley** and **Rick Montanari** moved to South Jersey. We will miss them. We hear that Rick is in the hospital. Good luck, Rick! ♦Two of our very faithful members, **Rose Claudio** and **Laura La Rosa**, have both undergone knee replacement surgery and are in a rehab facility, sharing the same room. What are friends for? ♦Another member, **Don Rodda**, recently underwent a heart procedure and is doing well. We met him at the street fair and he looked great. Keep up the good work, Don. ♦One of our dear members, **June Pilar**, has passed away. We will miss you, June. ♦Following the Sept. 21 meeting, the Seniors enjoyed a Fashion Show with lovely clothes from the Dress Barn of Wayne. Our President **Loretta Lippens**, did a great job narrating the show. Models were club members, **Joan Adornetto**, **Grace Chiesa**, **Marion Davis**, **Jean McMichael**, **Irene Moehring**, **Elaine Peacock** and **Marie Cucci**. ♦ Start saving items for our Pound Party in October. New or gently used little treasures or non-perishable food items, each approx. one pound. Items should be wrapped and will be auctioned off after meeting, **Don Rodda** will be the auctioneer. ♦Blood pressure 10/5/09.

Get the Swine Flu Shot or Not? Another Opinion:

Discussing vaccinations is like discussing religion and there are highly educated and caring people on both sides of the vaccine argument. The emergence and spread of this mysterious influenza virus which consists of pig, bird and human genetic particles, will no doubt become a serious health threat to people, especially the immuno-compromised. Nevertheless, swine flu (also called H1N1 virus) is the newest disease to be promoted to the public. I suspect that enormous resources will be mobilized in order to get people vaccinated and limit the virus's spread, though you won't hear much about using time-tested anti-viral herbs or powerful antioxidants which can naturally strengthen your immune system and prevent infection.

I absolutely believe that most people will recover from the flu, but the constant news on TV about it provokes a palpable fear in people. At the moment, the vaccine concerns me because it has not been tested long-term in human subjects and it's been rushed through safety tests. Like any vaccine, there is no guarantee that getting the shot prevents the disease. Furthermore, viruses are smart and they can adapt quickly to become resistant to vaccines and anti-viral drugs like Tamiflu.

Unfortunately, it is possible to get the flu from the vaccine because it contains "live, attenuated virus". This means that you are receiving living (though weakened) virus particles into your body. This is how many vaccines work because introducing a tiny amount of the virus causes your immune system to form antibodies to it, so upon reintroduction, you can defeat the perceived enemy. But, if your immune system is weak (or you are under stress) the virus from a "live attenuated" vaccine could take over and give you the flu. This explains why some people who take the seasonal flu vaccine, get sick afterwards.

In the absence of independently-funded clinical trials that are placebo-controlled and well-designed, I cannot assure you of the vaccine's safety or efficacy. The real data will trickle in after it is administered to your family and neighbors.

Apparently, our friends across the pond aren't buying the swine flu propaganda either. A survey published in the British Medical Journal concluded that almost half of all health care workers would refuse the swine flu vaccine because of fears regarding side effects and doubts about efficacy. In a United Kingdom poll, almost one third of nurses surveyed are saying no to the needle too. If the very people who are supposed to be injecting the vaccine refuse it, how safe do you feel getting it?

Copy deadline is the 4th Monday of each month. The publishing date will be the 1st Wednesday of the following month. Pictures, stories, weddings, births, scholastic, armed services, etc. are all welcome. We reserve the right to edit articles for space. Photos should be emailed in a JPEG format, actual photos can be scanned. Please send all information any time during the month to Mavor@RiverdaleNJ.gov & RiverdaleMavor@gmail.com

Events Worthy of Note

Our school doors opened this year with 304 students Pre-K to 8! Opening day went smoothly with students appearing eager to be back to class. Approximately 140 additional students are enrolled in public high school, the tuition of which is also supported by tax dollars.

I know you join me in welcoming new faculty members to Riverdale School. Ms. Karen Dooley joined the district as middle school math teacher. Mrs. Jennifer Napoli is our third grade teacher. Mrs. Paldino will be teaching the district's new drama/public speaking course in addition to language arts. Ms. Kristen Caufield joined our staff as part time resource and basic skills teacher. A part time occupational therapist, Mrs. Cabrera is also on staff. Mrs. Nancy DiBartolo is serving as Business Administrator/Board Secretary. Mrs. DiBartolo replaced Mr. David Blake, who served the district as an interim in this capacity, for the maximum two year time frame. I know you all join me in thanking Mr. Blake for his service. Principal Keith Cortright looks forward to seeing the school year from start to finish!

During the summer, we remained busy. Building maintenance took place, the parking lot was repaved with funds from our capital reserve budget line. Mr. Pricone, science teacher, painted games and a map of the United States on the back playground blacktop, for students to enjoy during outdoor recess. Staff began work on revisions to the Language Arts curriculum. This work will continue throughout the school year. Work on the district's website continues to unfold, and we look forward to the "launching" of individual teacher websites early this fall! Please be sure to watch our website for continued district news! Remember to click on the backpack, for access to current school notices as well as the monthly cafeteria menu.

Passaic County Educational Services Commission has assumed the provision of after care for Riverdale School students. Interested parents can contact the district website www.rpsnj.org for forms, or call the providers directly at 973-248-8225 for further information.

The district has applied for, and has received approval for, grants to offset a number of facilities related projects. Approved projects are eligible for a 40% of costs grant from the state. The Buildings and Grounds Committee of the Board of Education met to prioritize the submitted projects and determine which of those projects might be accomplished utilizing capital reserve funds designated for facilities use only. *Submitted by Dr. Wyks.*
